Heads of Central and State Government Training Institutes (As per List enclosed)

विषय /Sub: Invitation to participate in One-Day Seminar on **"Training Development Process: From Conceptualization to Effective Training Delivery"** on 14th August 2026 – के संदर्भ में।

महोदय/महोदया,

National Water Academy (NWA), Pune is the premier training institution of Central Water Commission under Department of Water Resources, River Development & Ganga Rejuvenation, Ministry of Jal Shakti, Govt. of India. For over 37 years, NWA is engaged in imparting training on various aspects of water resources planning, development, and management to a wide range of stakeholders.

As you may be aware, the Capacity Building Commission (CBC), Government of India, is implementing the 'National Programme for Civil Services Capacity Building' (NPCSCB), popularly known as 'Mission Karmayogi'. Under this initiative, Civil Service Training Institutions (CSTIs) are expected to deliver role-based, learner-centric, technology-enabled, and outcome-oriented training programs that effectively address the evolving competency and capacity-building requirements of civil servants.

In this context, NWA proposes to organize a One-Day Seminar on **"Training Development Process: From Conceptualization to Effective Training Delivery"** on Friday, 14 August 2026 at its campus in Pune. The seminar aims to provide a common platform for CSTIs to deliberate on the various stages of the training development cycle, exchange experiences and best practices, showcase innovative approaches, and foster long-term institutional collaboration for strengthening the quality and effectiveness of capacity-building initiatives.

The event is expected to bring together Heads of Institutions, faculty members, training managers, instructional designers from Central and State Government Training Institutions. DoPT recognized Trainers and Master Trainers and other capacity building professionals shall also be invited. The seminar will comprise of four interactive technical sessions covering the entire training development cycle, followed by a panel discussion on "Building a Collaborative Network of Training Institutions and Sharing Best Practices." All sessions shall be conducted in a participatory mode, encouraging dialogue, knowledge sharing rather than one-way presentations.
